EXPERTISE

- Manage Team • Development
- Designing • Teaching
- Leadership • Collaboration

SUMMARY

I'm Raheel Wali, a Full-Stack Developer with 8+ years of experience in building high-performance web applications. Skilled in JavaScript frameworks, Node.js, Python, Django, and RESTful APIs, I've delivered AI-powered solutions using the OpenAI API, real-time communication tools with Twilio, and optimized prompt engineering workflows. I also design scalable architectures and manage cloud deployments on Google Cloud, DigitalOcean, and Heroku.
